

Midnight Blue Brunel 3CB burning logs.

CAST IRON Brunel 3CB

The largest stove in the Brunel range, the 3CB has an extensive window through which you can take pleasure from the swirling flames of the Stovax Cleanburn System. Again, this stove incorporates all of Stovax's state-of-the-art technical features such as the stainless steel baffle. Furthermore, with full multi-fuel capability and external riddling, the Brunel 3CB generates up to 7kW of heat for you to enjoy.
